

USB to Parallel Printer Converter

DB25 to USB A

Model
336581

Easily connects USB-equipped computers with DB25 parallel peripherals.

The MANHATTAN® USB to Parallel Printer Converter with bi-directional data transfer easily supports USB-to-parallel and parallel-to-USB communication. Ideal for connecting USB-equipped desktop or notebook computers to a parallel printer or for adding a DB25 female port, it helps deliver faster data transfer rates than a standard parallel port.

Meets USB Standards

MANHATTAN USB to Parallel Printer Converter is fully compliant with USB 1.1 specifications to help devices operate at maximum performance levels. Bus support and low power requirements permit its convenient and reliable use almost anywhere without the need for external power supplies.

Quick and easy installation

Plug and Play capability and Windows compatibility help the MANHATTAN USB to Parallel Printer Converter function on any USB-equipped computer or device.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
