

## 0.15M USB-C TO DISPLAYPORT ADAPTOR + POWER & DATA (M-F)

1158-706

EAN 5055309623929

The USB 3.0 port allows you to connect a USB device to host computer or another hub.

The USB-C female port can charge the host computer and supply power for the adapter at the same time.

The HDMI port allows you to connect an extra monitor or TV so that you can watch videos or slideshows on the big screen.

It also features a USB-C female port so you can charge for the host computer and supply power for the adapter simultaneously. It can work on MacBook's or Google's new Chromebook Pixel as well as other USB-C support devices. The USB3 C - VGA USB-WPD is a USB-C to USB 3.0, VGA and USB-C charging port
