

P-PACK PF

PowerData power feed products have a 20mm gland hole leading to a 3-way connecting block, primarily for connecting to a 'tap off' lead leading to a under floor power track system, comes with or without fuses and with or without a covered 16A 30mA type A RCBO.

POWER PACK PF

Product code	Description
P-PACK 4PF/NF/13A	4-way power unit with master 13A fuse
P-PACK 4PF/13A	4-way individually fused power feed unit with master 13A fuse
P-PACK 6PF/NF/13A	6-way power unit with master 13A fuse
P-PACK 6PF/13A	6-way individually fused power feed unit with master 13A fuse

POWER PACK PF with covered 16A RCBO

Product code	Description
P-PACK PF/20/G	In-line 16A RCBO, 3-pole female output
P-PACK 4PF/NF/RCBO	4-way power unit with covered 16A RCBO, 3-pole female output
P-PACK 4PF/RCBO	4-way ind. fused power feed unit with covered 16A RCBO, 3-pole female output
P-PACK 6PF/NF/RCBO	6-way power unit with covered 16A RCBO
P-PACK 6PF/RCBO	6-way ind. fused power feed unit with covered 16A RCBO, 3-pole female output

P-PACK PF3P

Exactly the same application as the P-PACK PF but uses female 3-pole connectors instead of UK sockets for high density applications, Wieland INTER leads will spur off to power under desk or desktops.

POWER PACK PF3P

Product code	Description
P-PACK 4PF/3PG	4-way 3-pole socket power feed with covered 16A RCBO type A 30mA
P-PACK 8PF/3PG	8-way 3-pole socket power feed with covered 16A RCBO type A 30mA

Does not require installation by an Electrician. Connection via a wieland power cable, available in various lengths from 1 to 6Mtrs.
